Our plea to you is to help us make this day possible as most of these schools are based in rural areas and seem to be forgotten.

We believe that if as a community we can start focusing on real situations and people who really are in need we will conquer poverty. And more importantly bring happiness back to children who so desperately need.

Media will be invited and all sponsors will be required to be present on the day to give their sponsor directly to the children.

We pray our request comes at a time where you are able assist us in building a better KZN.

Regards

The Lungi Foundation
